

Tweeter Cut out:

100mm outer dia.
69mm Inner,
4mm recess

Woofer cut out:

96 mm inner (the woofer is not flush mounted)
Paul says you may move the woofer down to flush mount as well, with no ill effects. (requires a thicker baffle, however)

Vent:
1.3" dia x 4.25" L

Cabinet fill: Dacron

Tweeter: NeoCD-1
Woofer: W4-1720
Cabinet material:
1/2" MDF – you may use thicker – adjust outer dimensions to keep internal vol. the same – about .19 cu ft.

Terminal cut out as required
